

Opportunity at **theBespoke\WellnessGroup**
Start date: May 2024

Medical Esthetician

COMPANY DESCRIPTION

theBespoke\WellnessGroup

Welcome to our cutting-edge medical and wellness clinic, where we're fueled by a relentless passion to tackle preventable illnesses head-on. Rooted in the belief that prevention is the best cure, we've merged precision medicine with integrated wellness strategies to arm our clients with proactive health solutions. But we're not merely reshaping healthcare; we're leading a revolution. Primary care, to us, transcends treating sickness; it's about preventing it altogether – whether it's diabetes, heart disease, cancer, dementia, or mental health issues.

We recognize that conventional approaches often falter when resources are scarce and access to care is limited. That's why we champion a paradigm shift, embracing allied health professionals in our practice. Here, medical doctors, psychologists, naturopathic doctors, kinesiologists, and social workers collaborate seamlessly, bridging the gap between East and West.

In a world where health and wellness are often treated as one-size-fits-all, we stand apart. We understand the uniqueness of each individual – their lifestyles, biology, and aspirations. While trends may come and go, our dedication to tailored wellness remains unwavering.

Join us in this exciting journey toward a healthier future. If you're passionate about tailored health and personalized wellness, we invite you to join our dynamic team at One Yorkville Avenue at Toronto. Together, we can make a meaningful impact on the lives of our clients and communities.

JOB DESCRIPTION

Are you passionate about helping clients achieve healthy, radiant skin and boosting their self-confidence? We are seeking an exceptional medical esthetician to join our team at theBespoke\WellnessGroup, playing a pivotal role in delivering top-tier skincare services tailored to our clients' individual needs and goals.

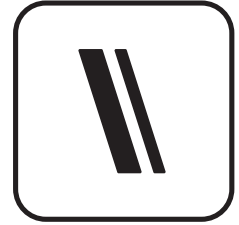

At theBespoke\WellnessGroup, we specialize in leveraging the science of skincare, utilizing cutting-edge technologies such as stem cells, genetics testing, nutrients and hormones lab testing, and AI-generated skin analysis. We offer ground-breaking science based treatments including stem cell rejuvenation from Acorn Biolabs, Hydrafacial™ system for medical facials, mesotherapy that combines nutrients and neurotoxins to optimize skin health, and a personalized serum from Universkin™.

The successful candidate will be an integral part of our healthcare team, focusing on improving and maintaining clients' skin health from the 'inside-out'. This role requires a combination of technical skill, product knowledge, and exceptional customer service to ensure a five-star experience for our clients.

Medical Esthetician

KEY RESPONSIBILITIES

Skin analysis: Conduct comprehensive skin assessments to identify clients' skin type, conditions, and concerns, including acne, dryness, aging, and sensitivity.

Consultation: Engage with clients to understand their skincare goals and concerns, offering personalized recommendations and treatment plans.

Facials and treatments: Administer a range of skincare treatments, including facials, chemical peels, microdermabrasion, and facial masks, customized to address specific skin issues.

Product knowledge: Stay informed about skincare products and educate clients on their proper use, recommending products that align with their skincare routines.

Record keeping: Maintain accurate client records, documenting treatment history, skin reactions or allergies, and product recommendations.

Sales and retail: Promote and sell skincare products, providing tailored recommendations to clients and driving retail sales.

QUALIFICATIONS

Medical Esthetician training: Valid medical esthetician certificate.

Skincare knowledge: In-depth understanding of skincare products, techniques, and treatment modalities in the marketplace.

Customer service skills: Excellent communication and interpersonal skills to build rapport with clients and deliver exceptional service.

Attention to detail: Ability to perform treatments with precision, adhering to sanitation and safety protocols.

Sales skills: Strong sales abilities to effectively recommend and sell skincare products.

SALARY, BENEFITS AND PERKS

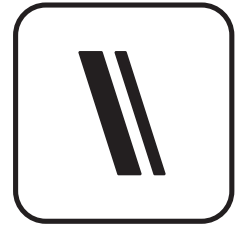

As part of our commitment to supporting our team members' success and well-being, we offer a comprehensive benefits package. This includes a competitive minimum base salary that reflects your expertise and contributions, a fee-split structure for services and product sales, supplemented by a bonus structure tied to sales targets, providing opportunities for additional rewards based on your performance.

Moreover, as a member of our team, you'll have privileged access to our wide range of health and wellness services and products, tailored to meet your needs and preferences. Your time with us is not only valued but also rewarded with opportunities to enhance your own health and well-being. Join us and enjoy the benefits of a rewarding career that prioritizes both professional growth and personal wellness.
