

Opportunity at **theBespoke\\WellnessGroup**

Start date: **September 1st, 2025**

Naturopathic Doctor

COMPANY DESCRIPTION

theBespoke\\WellnessGroup

Welcome to our cutting-edge medical and wellness clinic, where we're fueled by a relentless passion to tackle preventable illnesses head-on. Rooted in the belief that prevention is the best cure, we've merged precision medicine with integrated wellness strategies to arm our clients with proactive health solutions. But we're not merely reshaping healthcare; we're leading a revolution. Primary care, to us, transcends treating sickness; it's about preventing it altogether – whether it's diabetes, heart disease, cancer, dementia, or mental health issues.

We recognize that conventional approaches often falter when resources are scarce and access to care is limited. That's why we champion a paradigm shift, embracing allied health professionals in our practice. Here, medical doctors, psychologists, naturopathic doctors, kinesiologists, and social workers collaborate seamlessly, bridging the gap between East and West.

In a world where health and wellness are often treated as one-size-fits-all, we stand apart. We understand the uniqueness of each individual – their lifestyles, biology, and aspirations. While trends may come and go, our dedication to tailored wellness remains unwavering.

Join us in this exciting journey toward a healthier future. If you're passionate about tailored health and personalized wellness, we invite you to join our dynamic team at One Yorkville Avenue at Toronto. Together, we can make a meaningful impact on the lives of our clients and communities.

POSITION OVERVIEW

Reporting to the Founder and Medical Director, Dr. Elaine Chin, the Naturopathic Doctor is responsible for supporting the care, treatment and health coaching of our clients within the various lines of business. The depth of experience and subspecialty skills will determine where our naturopathic doctor will be assigned to within theBespoke\\WellnessGroup.

You will be expected to work in collaboration and under the guidance of Dr. Elaine Chin. Each business unit will have protocols that would be followed that are consistent with the teachings of naturopathic doctors. All of our recommendations must be science-based and evidence driven.

KEY RESPONSIBILITIES

- Provide health action plans and recommendations within the scope of a naturopathic doctor
- Recommend the use of supplements based on medical history, present findings including test reports
- Be current on all medical testing protocols
- Participate in marketing and communications including the writing of blogs, videos and townhalls
- Understanding of emerging health and wellness technologies and health care ecosystems
- Assist in developing a pipeline of potential opportunities
- Act as a health leader within the company

Naturopathic Doctor

EXPERIENCE

- Ability to interpret and use speciality diagnostics including functional medicine testing such as nutrient and toxicity profiles, allergy and immune health, hormone balance and neurotransmitters, and microbiome
- Practical understanding and use of genetics testing
- Up-to-date with both standard and specialty supplements, herbs, probiotics, and pharmaceuticals
- Nutritional counselling and fitness experience are assets

QUALIFICATIONS

- Currently licensed and in good standing with the College of Naturopathic Medicine
- Additional training in counselling, nutritional science, kinesiology, physical fitness and training are assets
- Excellent skills to manage online health record tools as our practice is paperless
- Fluent in the use of online video platforms as our patient care is often virtual
- Strong written and verbal communication skills
- Demonstrated ability to manage workflow and deadlines

SALARY

We offer a competitive salary within the field, based on qualifications and experience.

Part-time and full-time available.

To apply for this position, please email your resume and cover letter to:

bespokecareer@bespokewellness.group

In your cover letter, please let us know the following:

- Why would you like to work with our organization
- What type of naturopathic practice specialty are you focused on
- Does your present practice model include iridology, vega testing, and dark field microscopy
- What types of blood tests have you used in your practice, in particular specialty functional medicine testing
- Your remuneration expectations

We thank everyone for their interest, but we will only contact candidates selected to advance in the hiring process.
